

#NJSTEMTogether

COMMUNITIES CHALLENGE

#NJSTEMTogether Communities Challenge

**Registration Opens
September 25, 2020!**

Calling all high school students! SJSIP in partnership with the NJSPN is hosting a virtual communities challenge where students will have to identify the issues that their communities are facing due to COVID-19 and develop a plan for how to address the problem. Teams will have an opportunity to work with mentors from different industries depending on their problem area and their solution.

Scan the QR code to learn more or visit www.southjerseysip.org/communitieschallenge.
