Alternate Routes to Teacher Certification are Available in New Jersey

Limited Instructional Certification of Eligibility (CE) and Certification of Eligibility with Advance Standing (CEAS) Candidate Guidance <https://www.nj.gov/education/certification/apply/index.shtml>

Note: Please see updated guidance that was adopted by the New Jersey State Board of Education on June 1, 2022, of the New Jersey Department of Education’s (NJDOE) amendments and new rules at [N.J.A.C. 6A:9B: State Board of Examiners and Certification](#).

For the 2022-2023 school year, NJDOE will launch the Limited CE and CEAS five-year pilot program pursuant to [P.L. 2021, c.224](#), (Chapter 224). The limited CE and CEAS certificates are available in the NJDOE educator certification system, [NJEdCert](#). Educators can log in to [NJEdCert](#) and apply for the Limited CE. Limited CEAS candidates must be nominated by their Educator Preparation Program (EPP) following the EPP receives NJDOE approval for participation.

Certificate holders with a limited CE or a limited CEAS in an instructional area will be eligible to seek employment in a school district, charter school, or renaissance school that is approved by the NJDOE to hire such candidates. [School districts approved to participate in the pilot program](#) will be able to hire limited CE or limited CEAS holders for instructional positions, not to exceed 10 percent of the school district’s total teacher population and in accordance with all other requirements of approval and participation.

School employment in New Jersey is subject to a Criminal history background check and legal resident status in accordance with State and Federal regulations.

Effective September 1, 2013, all employees of State and local government (including School Boards) must reside in the State of New Jersey, unless exempted under law. If you do not reside in New Jersey, you have one year after the date you take your employment position to relocated your residence to New Jersey.

In accordance with S-414/A-3188 (http://www.njleg.state.nj.us/2018/Bills/S0500/414_R2.HTM), school districts, charter schools, nonpublic schools, and contracted service providers (“employers”) are required to review the last twenty years of employment history of prospective employees to ascertain allegations of child abuse or sexual misconduct. It explicitly prohibits such employers from hiring a person serving in a position which involves regular contact with students unless the employer conducts a review of the employment history of the applicant by contacting former and current employers and requesting information regarding child abuse and sexual misconduct allegations.
